

SECOND UTILITIES BILL IS SMOTHERED

Measure to Strengthen Hand of
State Public Service Commission
Defeated in Senate

ENGLISH BILL IS PASSED

Provides More Stringent Penalty for
Drunken Automobile Drivers—
New Bills Introduced

(By United Press)

Indianapolis, Ind., Jan. 30—A second bill to strengthen the hand of the state public service commission in regulating public utilities went down to defeat in the senate today.

The bill introduced by Senator Barker of Thornton to require utilities to fight out rate cases in the state courts before going into federal court failed of the necessary votes for passage when it was taken up today.

Lines were drawn in discussion of the bill, practically the same as when the senate earlier in the week killed the bill to permit the public service commission to regulate utility holding companies.

After being booted about on the floor of the house in hot debate, the chiropractors bill was carried back to the committee on state medicine and public health.

With the bill back in committee, the chiropractors will seek to restore the bill to its original form which calls for establishment of a state board of chiropractic examiners to license chiropractors.

The senate by unanimous vote passed the English bill providing for more stringent penalty for drunken automobile drivers.

Senator Cann of Frankfort introduced a bill to increase the state gasoline tax from two to three cents and provides that the money shall be paid into a "gasoline fund" of the general fund instead of direct to the state highway commission.

Two gasoline bills are already pending in the house.

Representatives Freeman of Kokomo introduced a soldiers' bonus bill to provide a bonus of not more than \$300 for world war veterans. The bill provides a referendum clause for submitting it to popular approval if it passes the legislature.

The senate criminal code committee recommended passage of the bill to institute the death penalty or life imprisonment on bank bandits.

Senator Stelle of Knox county, introduced a bill to abolish the office of township trustee and township advisory boards as a companion measure to his county unit bill introduced earlier in the week.

By a vote of 37 to 7 the senate passed the bill introduced by Senator Dickerman, of Indianapolis, authorizing state schools to permit students to elect courses of Bible instruction. The bill, however, provided that no schools of religious instruction be operated by the state.

The bill now goes to the house for further action.

APPROVES RECOMMENDATIONS

Gov. Jackson Follows Suggestions
of State Board of Pardons

Indianapolis, Ind., Jan. 30—Gov. Ed Jackson today approved all recommendations of the state board of pardons in the first report submitted to him since he became governor.

Eight persons were paroled, including Hobart Griffith of Knox county and Otto Anan of Clarke county, both sentenced for larceny.

Thirty-five petitions for clemency were refused by the governor on recommendations of the pardon board.

A parole was granted to Clarence Chandler, sentenced from Henry county for forgery. Paroles refused included William Hawkins, Fayette county, robbery. The case of James Branham sentenced from Newcastle for liquor law violation, was ordered stricken from the dockets.

COUNTY CAMP TO BE HELD APRIL 1

Plans Made for Meeting of Modern
Woodmen to be Held Here

Plans were made Thursday night at the regular session of the Modern Woodmen Lodge, for the county camp, which will be held in Rushville April 1. At this time all of the camps, Sexton, Manilla, Milroy, New Salem and Rushville, will assemble and name delegates to the state camp. Rush county is allotted one delegate for each 250 members. At the state camp, delegates to the Head Camp will be elected.

At the session last night, the local order discussed plans of entering the forester's team in the drill at Milwaukee, in June, where the national meeting will be held. Arrangement to finance the sending of the 17 members of the drill team to that meeting were discussed and plans will be decided upon soon.

AWAITS FINAL ACTION IN THE UPPER HOUSE

Eugenics Bill Survives Attacks and
is Sent to Engrossment—Two At-
tempts to Kill It Lost

DIVIDED REPORT ON BUS BILL

(By United Press)

Indianapolis, Ind., 30—Emerging from a heated attack in the senate with radical amendments attached, Holmes eugenics bill for the sterilization of social defectives today was sent to engrossment for final action in the upper house.

Advocates of the bill defeated two attempts to kill the measure during debate in the "star chamber" session at which the bill was debated Thursday afternoon.

One amendment provides that hearing must be held before a jury in action seeking sterilization of defectives. Another amendment strikes out the clause which would relieve the state eugenicist from criminal or civil responsibility for operations performed under the law.

The senate roads committee following a second public hearing Thursday night was giving final consideration to bills for state regulation of busses. Senator Leonard, chairman of the committee, said divided committee reports on the measures would probably be made Monday.

Seven speakers opposed the Moorehead bill to give the public service commission authority to regulate busses on the grounds that rules of the commission are not suitable for the task and advocated a favorable report on the bill to regulate busses through the highway commission.

FARTHING ANNOUNCES A QUIZ FOR SATURDAY

Examination for County Attendance
Officer to be held in Morning—Se-
cond One in March

POINTS THAT ARE COUNTED

Examinations for the office of attendance officer for Rush county were announced today by B. D. Farthing, county school superintendent. The first examination will be held in the forenoon Saturday, and the second chance to take the examination will be the last Saturday in March.

Every attendance officer must have a state license, according to the bulletin of the state department. The applicant must make a grade of at least 85 percent, and the writing, English and spelling on the manuscript are considered in making the grade.

Laverne Farthing, present attendance officer, is not required to pass an examination, providing her success grade is 85 percent.

The annual election of the attendance officer is made in August, when the county board of education makes their selection from the list of applicants.

High school credit examinations for the current school year will be offered tomorrow, and also on the last Saturdays of April, July and August, according to the announcement of Mr. Farthing.

HE LAST SOLDIER AND STILL GOING STRONG!

ANSWERS THREE ALARMS DURING PAST 24 HOURS

Total Loss Confined to About \$100
Due to Effective Work of the Fire
Department

FIRST USE OF BOOSTER PUMP

The fire department has been kept busy within past 24 hours, during which time three alarms have been answered, with the total loss being confined to about \$90 or \$100.

At 12:20 today noon, the roof at the home of John Laramore, Fifth and Arthur streets, caught fire from sparks, and was burning rapidly when discovered. A telephone call summoned pumper 1 and 2. The blaze was the first opportunity for firemen to use the booster pump on the Ahrens-Fox engine and it worked perfectly. The chemical tank on the Seagraves truck also was used, and no damage resulted from water. The loss was estimated at about \$90.

Thursday afternoon pumper 2 answered a call to the John Jordan home, 916 North Main street, where coal had caught fire from a furnace, and the loss was practically nothing.

The department has answered 8 runs this month, as compared with 13 during January of last year, which was the busiest month on record.

SUITS INVOLVE TWO ESTATES

One For Sale of Real Estate and
Another to Collect Claim

Two complaints have been filed in the circuit court, both of them being minor actions connected with estates. In one case William Fisher, as executor of the estate of Gertrude Winslip has filed a complaint against Elizabeth Winslip and others, the action being to sell real estate involved in the estate.

Margaret Miller also has filed a complaint against the estate of Mary Miller, of which Oscar Miller is the administrator. The action is based on a claim against the estate, in which the demand for judgment is \$1,500.

CHILD MURDERER EXECUTED

Michigan City, Ind., Jan. 30—Smiling indifferently as two guards strapped him in the death chair, Peter Verbolini, 38, child murderer of Gary, Ind., was executed at the state prison here early today.

RUSHVILLE NOT ON THE P. O. LIST

This City Not Included in Postoffice
Building Program Under Bill Be-
fore Congress

MEASURE CHANGES METHOD

Removes Political and Congressional
Influence—Chances of Small
Cities Slim

Several Indiana cities will obtain improved postoffice quarters under the bill of Representative Richard N. Elliott of this district, which has been placed on the legislative program of the present session of congress, according to a dispatch from Washington, but Rushville is not mentioned among the cities to be favored with a building.

Many Rushville citizens have been given assurance during the past few months that a federal building is in the not very distant future for Rushville, but the latest news from Washington does not look very favorable.

This correspondent writes that the bill, which would authorize the expenditure over a period of six years of \$150,000,000 for public buildings, contemplates a new principle of public building legislation in that it takes away from the congress the authority it always has exercised of designating the places where improvements shall be made and the amount to be spent in each place.

Passage of the bill, which now is foreseen, will mark the end of omnibus building legislation, it is predicted, and make forever impossible enactment of another "pork barrel" building measure designed to meet the wishes of each individual member of the congress.

While most people will agree that "pork barrel" legislation should be disapproved, it is unfortunate for cities that did not profit from previous "pork" because their chances of winning a federal building are slim if the government adheres to the program as it is now planned.

The preparation of the building programs to cost not more than \$25,000,000 a year, under the terms of the bill, would be under the direction of the secretary of the treasury and the postmaster general, acting with the advice and consent of the director of the budget.

This removes political and congressional influence and means that cities like Rushville, it is pointed out, have small chance of landing a building.

MEANS SENTENCED TO SERVE TERM OF 2 YEARS

Former Agent of U. S. Department
of Justice Also Fined \$10,000 on
Conspiracy Charge

LAWYER ALSO FOUND GUILTY

(By United Press)

New York, Jan. 30—Found guilty of a conspiracy to defeat justice, Gaston B. Means, former agent of the department of justice, was sentenced today to two years in Atlantic penitentiary and fined \$10,000.

Col. Thomas B. Felder, a New York lawyer, who was found guilty together with Means, was fined \$10,000.

Both Means and Col. Felder were visibly affected at the verdict, although after Elmer Jarnecke, the former's secretary, had turned states evidence, there was little doubt as to what the jury which retired late yesterday after a charge by Federal Judge Walter Lindley, would decide.

Means is under \$15,000 bail pending appeal from his conviction for violation of the Volstead act and an additional \$15,000 bail covering another indictment. His bail of \$10,000 in the present case, furnished by Frank A. Vanderlip, was cancelled.

Means was tried on a charge of conspiring to defeat justice.

TO COLLECT FOR MAIL ORDERS

Complaints are Filed in Justice
Stech's Court

Two complaints involving mail order sales, have been filed in Justice Stech's court. In one complaint Sear and Company are plaintiffs against Salem Keith, in which the demand is for \$25 judgment, and for possession of merchandise. The case will be tried February 2.

In the other complaint, Spiegel, May, Stern and Company are plaintiffs, and Harry R. Mohler, defendant. In this action the demand is for \$15 judgment, and also for possession of goods. The case will be heard February 3.

POSTAL PAY BILL PASSES

Washington, Jan. 30—The postal bill granting \$68,000,000 wage increase to postal service employees and readjusting postal rates to increase the revenue to approximately the same amount was passed by the senate today. The vote was 70 to 8. It now goes to the house.

LUKE DUFFEY BUYS JONES FARM

Purchases Land Near Circleville of
Dr. George T. Earhart

The Jones farm at the edge of Circleville, which was formerly the site of a mile race track, has been purchased by Luke W. Duffey of Indianapolis of Dr. George T. Earhart, also of Indianapolis, who bought the land from Harrie Jones July 8, 1924, for \$25,000. The farm consists of 154.17 acres and it is reported that Mr. Duffey gave \$157 an acre for it.

John Knecht and Will Schobin held a sale on the farm Thursday which netted more than \$19,000. Livestock sold for exceptionally good prices, one team of farm horses bringing the sum of \$432.00. Gifts sold as high as \$32.00 each.

G. H. BARRETT SPEAKS BEFORE QUARRYMEN

Former Rushville Man Blames Tip-
ping Habit as Cause of Shortage
in Apprentices

PRACTICE FALSE GENEROSITY

G. H. Barrett, of Bloomington, Ind., and a son of Mr. and Mrs. H. E. Barrett of this city, analyzed the apprentice problem before the International Cut Stone Contractors' and Quarrymen's convention held recently in Atlantic City, N. J. Mr. Barrett is vice president and general manager of the Matthews Brothers Co., pioneers in Indiana Oolite limestone, of Bloomington, Ind.

The too generous habit of tipping was held as a contributory cause for the alarming shortage of apprentices in the allied building trades, by the former Rushville man. He charged the employers with indifference in keeping full quotas, one to 71 journeymen, and that they too often regarded the apprentice as "being in the way."

"The American business man practices false generosity, actually discouraging young men from taking up a life of labor," he declared. "Such fellows as hotel bell boys, theatre ushers and red cap make double and many time what a workman earns, and it is largely that type of American business men who is represented in this convention hall that contributes to these incomes by his absolutely false idea of generosity." He said that the census reports show that the number of apprentices had decreased to such an extent that the situation is indeed alarming, and that if active steps are not taken to train men for industry the shortage will grow worse by reason of any temporary increase in demand.

FOX DRIVE NORTHWEST OF CARTHAGE SATURDAY

Biggest of Season, Says Announcement,
as Farmers of Blue River
Township Prepare for Event

MARAUDERS MUST GO. SLOGAN

The fox of Blue river township, Hancock county, which adjoins Ripley township on the north and west, will have to exercise some of their proverbial slyness if they escape the fox drive which will be held Saturday, beginning at 10 a. m. The territory to be covered is northwest of Carthage.

No dogs will be allowed unless under leash and no firearms will be permitted.

"Come and enjoy this sport," says an announcement regarding the drive and help the farmers get rid of these marauders. Obey the captains or do not come."

The announcement describes the drive as "the biggest of the season." The center will be on the James Lindamood farm and the territory to be covered is described as follows:

West line—Trees shot south to Shiloh church; south line—Shiloh church east to Walnut Ridge road; east line—Walnut Ridge road north to Charlottesville; north line—Pennsylvania railroad west to Trees' shop.

NEW BUILDING TO OPEN SATURDAY

New Home of State Bank of Car-
thage Will be Ready for Inspec-
tion From 2 to 10 P. M.

BUILT OF BRICK AND STONE

Structure Completed at Cost of More
Than \$25,000 Replaces One in Use
50 Years

The State Bank of Carthage will open its doors in its new home, just completed on the original site at a cost of more than \$25,000, Saturday. The formal opening will take place between the hours of 2 and 10 p. m. and officers and directors of the bank will be present to explain the features of the new building.

The new building represents the latest idea in commercial architecture. It is constructed of brick and Bedford stone and the interior is convenient, artistic and practical. McGuire and Shook of Indianapolis were the architects, the former Will P. McGuire being at one time a Rushville boy.

The State Bank of Carthage was organized in 1876 as a private bank under the name of the Bank of Carthage with capital of \$100,000 and is now in its fiftieth year. It was started by Samuel Bettie Hill, Charles Henley, Henry Henley, Jonathan Newlin and others.

The institution has had four presidents—Charles Henley, Jonathan Newlin, Thomas T. Newby, and the present head, William P. Henley, and Samuel B. Hill was the first cashier, serving for twelve years.

The present directors are W. P. Henley, Edgar N. Hill, Walter B. Hill, Jesse A. Leisure and Howard E. Henley, the first named being president and the last named cashier. Mahel Phelps and Edgar N. Hill, II, are book-keepers. The bank now has resources of over \$400,000, with a capital of \$100,000 and surplus of \$30,000.

The original building, erected in 1876, was occupied by the bank until June of last year, when the old building was razed to make way for the new.

Entrance to the bank is through bronze doors flanked on each side by copper electric fixtures and leading into a tile-floor lobby. Officers of the bank have desks behind a low rail at the left of the lobby and back of their rooms are the working quarters. There are four wickets, equipped with a special lighting system. All of the cabinet work is black walnut and gum.

Leading off the lobby, also, is a ladies rest room and a directors room. At the rear of the lobby is a burglar-proof vault constructed of solid concrete reinforced with steel bars and with a time lock door weighing seven tons. In the basement is a sub-vault.

The walls of the bank are decorated with two tones of brown. An original stenciled design in brown, green and blue will be found in the border with the bank's monogram on each pilaster. The curtains are of tan monks, cloth trimmed with black and tan fringe, and hang in three sections, it being possible to draw any section.

The building is well lighted with six long windows, and a sky-light.

AMUSEMENTS

"Frisolous Sal," Princess

An agreement releasing the Hecla Mining Company of Wallace, Idaho, from all liability had to be signed by every member of J. K. McDonald's First National company before that production unit could use the aerial tramway in the Idaho mines, where thrilling first scenes were made for the climax to "Frisolous Sal," to be shown at the Princess theatre today and Saturday.

The "punch" of the story is built around a hand-to-hand battle between Eugene O'Brien and Mitchell Lewis in an ore bucket traveling on a cable over a 300-foot gorge. A special ore bucket had to be built to accommodate the director, Victor Schertzinger, and Chester Lyons, the cinematographer, with his camera. From this the first was photographed as the two buckets rolled along the aerial tram.

It was risky business for everyone concerned. The film people, accustomed to dangerous work in bringing thrills to the screen, thought nothing of it, but officials of the mining company whose property was being used, viewed the situation differently. It was not until every member of the motion picture company had signed the unconditional release, that permission was granted to stage the scene. However, it went off without untoward incident.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. N. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Where is Your Treasure?—
Where your treasure is, there

6:21.Prayer:—Gracious God, we
would surrender all to thee for
thy keeping and service.

The Francis Trust Fund

The establishment of a city im-
provement trust fund by the Chas.
E. Francis company with a gift of
\$5,000, which may be used for in-
dustrial or civic betterment, shows
a fine spirit which might well be
emulated by others in position to do
the same thing.The fact that Harry G. Francis,
president of the company, said that
he merely wished to return the bon-
us which Rushville citizens gave his
factory when it was moved to Rush-
ville, does not lessen the value of
the gift, nor does it affect the keen
sense of appreciation which every
loyal citizen of the community feels.Mr. Francis and the company
were under no obligation to return
the bonus to Rushville. It was a gift
and Rushville is no Indian giver. But
he felt that he would like to do as
done by, and when the occasion
arose, where Rushville was attempt-
ing to locate another factory, he
generously offered to return the
money for the perpetual use of the
city in bettering its industrial and
civic condition.

The Chas. E. Francis Co., has

His Conscience Troubled
Him"I know I have done wrong, please
forgive me for not doing my duty
and writing you before. I am thank-
ful to God and the good remedy He
gave you, and would not take \$500
for the good the first dose gave me. I
have been bothered for many years
with gas in my stomach and indiges-
tion, but since taking May's Won-
derful Remedy two years ago, have
had no such trouble." It is a simple,
harmless, preparation that removes
the catarrhal mucus from the intes-
tinal tract and allays the inflamma-
tion which causes practically all stom-
ach, liver and intestinal ailments,
including appendicitis. One dose will

prospered in Rushville, for which
we are truly glad, and Rushville
likewise has profited from having
brought the factory here from Cin-
cinnati.When the bonus was raised, there
were doubtless many complainers
who objected. It is hoped that they
have all lived to see the bread cast
upon the waters come back.Such examples should inspire any
community to do great things. The
act of this concern will be of great
benefit in more than simply providing
a fund to be used as specified in
the trust agreement; it will inspire
those who have been working for
the progress and upbuilding of the
city to greater efforts, since this re-
cognition of their work has been given.

Pay as You Enter

The road to success is operated
on the pay-as-you-enter basis.
Those who want to ride have to pro-
vide their fare before they ride.Those who want to beat their way
along life's thoroughfare have to
look for another conveyance.It's positive waste of time to try
passing counterfeit coin. The con-
ductor will call your bluff and you
will be put off the train.It's even impossible to steal a ride
under false colors. Every passenger
has to deliver the goods at the door
or stay off.The cars are never crowded.
There is always room for everyone
who will meet the pay-as-you enter
requirement.Why waste time and energy envy-
ing those who ride on the road to
success?There is only one way—pay the
price and ride yourself.

Guiding Principles

Most men who have achieved great
things have kept steadfastly before
them fixed principles by which they
have been guided. It is said of the
late Marshall Field that he had
twelve dominant ideas in his life
from which he never swerved.They were the value of time, the
success of perseverance, the pleas-
ure of working, the dignity of sim-
plicity, the worth of character, the
power of kindness, the influence of
example, the obligation of duty, the
wisdom of economy, the virtue of
patience, the improvement of talent
and the joy of originating.There is nothing marvelous or su-
perhuman about the success of a
man who adheres to such a life
program. He who has ever before
him such ideals can not fail, though
he stumbles; he will succeed though
he falls short of such a goal.

Hunt's Washington Letter

BY MARRY B. HUNT
NEA Service WriterWASHINGTON — The cockle-
bur of the United States
Senate is Selden Palmer
Spencer, the handsome, pink-
cheeked junior member from
Missouri.To his fellow senators, Spencer
often proves a most provoking per-
son. He is always so sure of him-
self, so self-complacent, so ten-
tatively and irritatingly serene
in his estimate of himself and his
judgments!His very urbanity, his soft-
voiced insistence on the correct-
ness of his own conclusions, is like
that of a kindly missionary among
the heathen.Of course they may not under-
stand what he is telling them,
their undeveloped minds may not
be able to grasp the great truths
he is propounding, but none-the-
less indubitably—this way lies
righteousness.That is the sort of attitude other
senators feel he adopts toward
them. And it riles them much
more deeply than any hammer-
and-tongs attack, filled with abuse
and vituperation.THE more worldly ones in the
Senate—and that is the big
majority (for Spencer is re-
garded as the most religious man
in the upper house)—are vexed by
the very kindly tolerance with
which he seeks to win them.Most of them have won their
way in rough-and-tumble political
warfare.

But the superior individual who

looks down upon them with a
"poor souls, they know not what
they do" forbearance, leaves them
raging but speechless.SENATOR SPENCER'S attempt
to deal kindly with the offi-
cials involved in the late Top-
pot Dome oil scandal, however,
caused long-pent feelings to break
their bonds.In a minority report he held that
while not condoning any question-
able acts involved in the oil
leases, he believed them to have
been in fact a real blessing to the
country. They had been, he main-
tained, patriotically inspired and
of inestimable benefit.Whereupon his senior colleague
from Missouri, gray-haired, battle-
scarred old Jim Reed, was moved
to reply.REED launched into one of the
most scathing denunciations
ever heard in the Senate.He reviewed with biting sar-
casm Spencer's defense of former
Senator Truman Newberry, who
yielded his seat in the Senate as a
result of revelations concerning
vast amounts of money spent to
win election.He paraded a whole list of oc-
casions on which Spencer had stood
as chief defender of men or situ-
ations swamped by public condem-
nation.But through it all Spencer re-
mained as calm, unfurrowed and
composed as only a man could who
was convinced of his perfect
rightness.FIFTEEN YEARS

STOMACH
A CHANCEThe average person puts into his
or her stomach about twice as
much food as a body needs or the
stomach can get. One of two
things must happen—either the
stomach weakens under the load or
it must resist resistance, before it
does weaken. The people take time
by the forelock because the stomach
generally gives warning that it is
being abused. These symptoms are
gas, sour stonch, bloating, coated
tongue and thidike. When these
symptoms appear take heed of the
warning. Natup doesn't give these
warnings unless they mean some-
thing. First stop overloading the
stomach and sendy go to your
druggist and ask for Di-Jo. A few
Di-Jo Tablets will give instant re-
lief and enable digestive juices
to do their work. If you insist upon
eating what you want, keep yourself
supplied with Di-Jo. It will remove
part of the load which the digestive
forces of the stomach have to carry.If you are troubled with constipa-
tion take Di-Jo. It is sold by all
druggists and is recommended as the
proper laxative to be used in connec-
tion with Di-Jo if any is needed.

prove that Red Crown yields more and
better mileage than any other gasoline
of its kind. In addition to extra mile-
age, Red Crown gives flexibility and
efficient performance at all times.To quote from a letter recently re-

the last four years, has given us
smooth acceleration, more mileage
and power, and does not thin out the
oil in the crank-case because it burns

New Line-up To Start

The Lions are in for the old fight tonight down at Greensburg. A tip to us says that the starting line-up for Rushville will be Caldwell and Wainwright forwards; Davison, center; Osborn and Cherry, guards. What is more Rushville is going to win. Watch 'em.

TOURNEY STARTS TONIGHT

Rush county tourney opens tonight here. Ten teams will start at the tape, and one will finish Saturday night as the winner. The tourney drawing, lest you have forgotten is as follows:

Tonight

7:30 p. m. Carthage vs Center
8:30 p. m. Glenwood vs Raleigh
Saturday
8:30 a. m. Webb vs Milroy
9:30 a. m. Arlington vs New Salem
10:30 a. m. Manilla vs Moscow
11:30 a. m. Winner 7:30 p. m. vs 8:30 p. m.
2:30 p. m. winner 8:30 a. m. vs 9:30 a. m.
3:30 p. m. Winner 10:30 a. m. vs 11:30 a. m.
8:00 p. m. Final.
7:00 p. m. Curtain raiser Rushville seconds vs Richmond seconds.

An invitational Junior high school tourney for eight teams will be played in the New Palestine high school gym Saturday. Arlington will be represented, and besides them and New Palestine, the other six teams will be Greenfield, Acton, Westland, Fortville, Mt. Comfort and Greenwood. A trophy cup will be awarded the winners. Rauschaupt and Alter will officiate. Drawings will be made early Saturday morning. The Red Birds will play the curtain raiser Saturday night.

TOURNEY'S OVERDONE

People in this part of the state are being "tourneyed" to death this season, and it may cause interest to disappear in the sectional tourneys. In Rush county for example, a county tourney was held at Carthage, and now another one is to be held here Saturday. Fans see these teams

play two tourneys, and the sectional with a third appearance of these tea with only the addition of the Rille high school.

ONE ING, HITTING 'EM WOULD BE TO BE THE GUY WHO SIS THOSE TROPHY MUGS, BUSE THE GAME HAS BEEN WKEED OVERTIME THIS SEASON.

And when the subject of tourneys, Libealso is holding one today, withbridge City, Brookville, Whitewater, Boston, Alquina, Milton, and Jansville in the list.

Cambridge City is stepping fast this season they have won 13 out of 16 starts, they was a victim last Saturday night, 59 to 25.

POSSIBLE, NOT PROBABLE

Greensburg downed Rushville in the district-to. These two teams will get at again Friday night at Greensburg. The Tree Towners on their own, will probably repeat the dose, unless they Republican.

FRK VS FRANK

A big action in these parts Friday will be the meeting of the two Franks. Fkfort goes to Franklin. Both are ed as state title contenders, the game will no doubt be a tussle from the start.

Here's The Time for the Ring of Doors

E. B. Bar called attention today to the four tourney tickets. Season ticket holders will be admitted first, and enter at the northeast door of gym, at Seventh and Willow stns. After ticket holders are admitted then the other general admission ers will be opened. The time for opening the season ticket doors for a four sessions are as follows: tonight, 6:30; in the morning 7:45; Sunday afternoon 1:45 and Saturday night at six o'clock.

FAN SAY TEAM HUMILIATED IN TOURNEY

Dear Hittin' Em:— I had a pride stepped on at Connersville. Before the game I heard several say, "Let's go, this will be a o sided game," meaning the Lions could romp over the Greensburg.

I also had this remark from a Connersvillenan, "That Rushville team is thoeat that has been on this gym floor this winter" and then came humiliation. I sneaked out and got away as soon as possible.

But we are to get even with both Connersville and Greensburg by beating them with a good margin and show them that we had the best team at the tourney.

Yours A LOYAL FAN.

Phoebe Jane Fairgrave, 22, St. Paul girl, holder of the woman's parachute jumping record, will attempt to beat the mark she set for the world in 1921, when she jumped 11,500 feet from an airplane. She will attempt a new record jump at New Orleans or San Antonio in May.

Greensburg and we pick Greensburg to win by ten points. Connersville at Newcastle Saturday night. We pick the Spartans to win by 12 points.

TAIL LIGHTS

TWO REVENGE GAMES

On the big floor in Newcastle Saturday night, the Trojans will probably take Connersville to task. At least they are figuring that way in Newcastle. Here is what Markin' 'em up says:

Two revenge games will be found in the list of games scheduled for this week end. Rushville plays at Greensburg and the Lions will be out to even up the score for that trouncing handed them at the 6th district tourney last week, while Newcastle will play Connersville. The Trojans will also try to even things up for the drubbing they received at Connersville last week end. Both the Lions and Trojans will have chances to show how things should have been had both played consistent basketball last Saturday. The Trojans will also try to get even for that one point defeat at Connersville earlier in the season.

Perhaps Not a Bull Dog

Seymour plays Columbus Saturday night, and Seymour says every dog has its day.

Connersville plays Technical of Indianapolis Friday night. We don't wish the Bomiks any bad luck, but we just can't help but believe the Tech lads will emerge victors.—Newcastle Courier.

From Girlhood to Motherhood

Through all these periods of their existence thousands of women toil on, often suffering with backache, pains in side, headaches and nervousness, all telltale symptoms of some local derangement. Lydia E. Pinkham's Vegetable Compound is the one great remedy that will overcome such ailments. All over America women are telling other women how this wonderful medicine has restored them to health and the joy of living. This accounts for the tremendous demand for this popular medicine for women.

Enters McClintock Probe

Miss Estelle Eleanor Gehling has injected a new element into the investigation of the death of William McClintock Chicago's "millionaire orphan." She has handed to authorities four letters which she received from William Shepherd foster father of young McClintock, and drawer of the will which made him chief beneficiary. Chief Justice Harry Olson says the letters would be "decidedly important."

WILL CEASE TO BEAR INTEREST

Four Per Cent Bonds of Loan of 1925 Fall Due Feb. 2

Local bankers today called attention to the fact that United States 4 per cent bonds of the loan of 1925, are called for redemption and payment on February 2, 1925, and will cease to bear interest on that date.

It is not known whether any of the bonds of this issue are held in Rush county, but bankers made the announcement in case there are any bond holders with fours of the 1925 loan.

The final interest coupons, which will become payable on Feb. 1, should be detached for collection in the regular course before the bonds are presented for redemption. An extra day's interest, due to Feb. 1 falling on Sunday, will be paid with the principal when it is redeemed.

Early "Razors"

In the days before the steel razor came into use, shaving the beard was accomplished by the use of flint, shells or bones, which were ground so as to give them a keen, sharp edge.

Worth Remembering

Everything on earth whether joy or trouble, is only temporary.

Could you spend a few cents a week to better advantage?

Could you buy anything for the difference in price between 3¢ Coffee and cheaper brands that would give your family as much pleasure as the never-changing smoothness, strength and flavor of 3¢? Despite the great increase in the cost of green coffee, there has been no change in 3¢ quality, and the change in 3¢ price has been much less than our production cost would justify.

SECOND UTILITIES BILL IS SMOTHERED

Measure to Strengthen Hand of
State Public Service Commission
Defeated in Senate

ENGLISH BILL IS PASSED

Provides More Stringent Penalty for
Drunken Automobile Drivers—
New Bills Introduced

(By United Press)

Indianapolis, Ind., Jan. 30.—A second bill to strengthen the hand of the state public service commission in regulating public utilities went down to defeat in the senate today.

The bill introduced by Senator Barker of Thorntown to require utilities to fight out rate cases in the state courts before going into federal court failed of the necessary votes for passage when it was taken up today.

Lines were drawn in discussion of the bill, practically the same as when the senate earlier in the week killed the bill to permit the public service commission to regulate utility holding companies.

After being hooted about on the floor of the house in hot debate, the chiropractors bill was carried back to the committee on state medicine and public health.

With the bill back in committee, the chiropractors will seek to restore the bill to its original form which calls for establishment of a state board of chiropractic examiners to license chiropractors.

The senate by unanimous vote passed the English bill providing for more stringent penalty for drunken automobile drivers.

Senator Cann of Frankfort introduced a bill to increase the state gasoline tax from two to three cents and provides that the money shall be paid into a "gasoline fund" of the general fund instead of direct to the state highway commission.

Two gasoline bills are already pending in the house.

Representatives Freeman of Kokomo introduced a soldiers' bonus bill to provide a bonus of not more than \$300 for world war veterans. The bill provides a referendum clause for submitting it to popular approval if it passes the legislature.

The senate criminal code committee recommended passage of the bill to institute the death penalty or life imprisonment on bank bandits.

Senator Stelle of Knox county, introduced a bill to abolish the office of township trustee and township advisory boards as a companion measure to his county unit bill introduced earlier in the week.

By a vote of 37 to 7 the senate passed the bill introduced by Senator Dickerman, of Indianapolis, authorizing state schools to permit students to elect courses of Bible instruction. The bill, however, provided that no schools of religious instruction be operated by the state.

The bill now goes to the house for further action.

At this time all of the camps, Sexton, Manilla, Milroy, New Salem and Rushville, will assemble and name delegates to the state camp. Rush county is allotted one delegate for each 250 members. At the state camp, delegates to the Head Camp will be elected.

AWAITS FINAL ACTION IN THE UPPER HOUSE

Eugenics Bill Survives Attacks and
is Sent to Engrossment—Two Attempts to Kill it Lost

DIVIDED REPORT ON BUS BILL

(By United Press)

Indianapolis, Ind., 30.—Emerging from a heated attack in the senate with radical amendments attached, Holmes eugenics bill for the sterilization of social defectives today was sent to engrossment for final action in the upper house.

Advocates of the bill defeated two attempts to kill the measure during debate in the "star chamber" session at which the bill was debated Thursday afternoon.

One amendment provides that hearing must be held before a jury in action seeking sterilization of defectives. Another amendment strikes out the clause which would relieve the state eugenicist from criminal or civil responsibility for operations performed under the law.

The senate roads committee following a second public hearing Thursday night was giving final consideration to bills for state regulation of busses. Senator Leonard, chairman of the committee, said divided committee reports on the measures would probably be made Monday.

Seven speakers opposed the Moorehead bill to give the public service commission authority to regulate busses on the grounds that rules of the commission are not suitable for the task and advocated a favorable report on the bill to regulate busses through the highway commission.

FARTHING ANNOUNCES A QUIZ FOR SATURDAY

Examination for County Attendance
Officer to be held in Morning—Second One in March

POINTS THAT ARE COUNTED

Examinations for the office of attendance officer for Rush county were announced today by B. D. Farthing, county school superintendent. The first examination will be held in the forenoon Saturday, and the second chance to take the examination will be the last Saturday in March.

Every attendance officer must have a state license, according to the bulletin of the state department. The applicant must make a grade of at least 85 percent, and the writing, English and spelling on the manuscript are considered in making the grade.

Laverne Farthing, present attendance officer, is not required to pass an examination, providing her success grade is 85 percent.

The annual election of the attendance officer is made in August, when the county board of education makes their selection from the list of applicants.

High school credit examinations for the current school year will be offered tomorrow, and also on the last Saturdays of April, July and August, according to the announcement of Mr. Farthing.

THE LAST SOLDIER AND STILL GOING STRONG!

ANSWERS THREE ALARMS DURING PAST 24 HOURS

Total Loss Confined to About \$100
Due to Effective Work of the Fire
Department

FIRST USE OF BOOSTER PUMP

The fire department has been kept busy within past 24 hours, during which time three alarms have been answered, with the total loss being confined to about \$90 or \$100.

At 12:20 today noon, the roof at the home of John Lamore, Fifth and Arthur streets, caught fire from sparks, and was burning rapidly when discovered. A telephone call summoned pumps 1 and 2. The blaze was the first opportunity for firemen to use the booster pump on the Ahrens-Fox engine and it worked perfectly. The chemical tank on the Seagraves truck also was used, and no damage resulted from water. The loss was estimated at about \$90.

Thursday afternoon pumper 2 answered a call to the John Jordan home, 916 North Main street, where coal had caught fire from a furnace, and the loss was practically nothing.

The department has answered 8 runs this month, as compared with 13 during January of last year, which was the busiest month on record.

SUITS INVOLVE TWO ESTATES

One For Sale of Real Estate and
Another to Collect Claim

Two complaints have been filed in the circuit court, both of them being minor actions connected with estates. In one case William Fisher, as executor of the estate of Gertrude Winship has filed a complaint against Elizabeth Winship and others, the action being to sell real estate involved in the estate.

Margaret Miller also has filed a complaint against the estate of Mary Miller, of which Oscar Miller is the administrator. The action is based on a claim against the estate, in which the demand for judgment is \$1,500.

CHILD MURDERER EXECUTED

RUSHVILLE NOT ON THE P. O. LIST

This City Not Included in Postoffice
Building Program Under Bill Before Congress

MEASURE CHANGES METHOD

Removes Political and Congressional
Influence—Chances of Small
Cities Slim

Several Indiana cities will obtain improved postoffice quarters under the bill of Representative Richard N. Elliott of this district, which has been placed on the legislative program of the present session of congress, according to a dispatch from Washington, but Rushville is not mentioned among the cities to be favored with a building.

Many Rushville citizens have been given assurance during the past few months that a federal building is in the not very distant future for Rushville, but the latest news from Washington does not look very favorable.

This correspondent writes that the bill, which would authorize the expenditure over a period of six years of \$150,000,000 for public buildings, contemplates a new principle of public building legislation in that it takes away from the congress the authority it always has exercised of designating the places where improvements shall be made and the amount to be spent in each place.

Passage of the bill, which now is foreseen, will mark the end of omnibus building legislation, it is predicted, and make forever impossible enactment of another "pork barrel" building measure designed to meet the wishes of each individual member of the congress.

While most people will agree that "pork barrel" legislation should be disapproved, it is unfortunate for cities that did not profit from previous "pork" because their chances of winning a federal building are slim if the government adheres to the program as it is now planned.

The preparation of the building programs to cost not more than \$25,000,000 a year, under the terms of the bill, would be under the direction of the secretary of the treasury and the postmaster general, acting with the advice and consent of the director of the budget.

This removes political and congressional influence and means that cities like Rushville, it is pointed out, have small chance of landing a building.

MEANS SENTENCED TO SERVE TERM OF 2 YEARS

Former Agent of U. S. Department
of Justice, Also Fined \$10,000 on
Conspiracy Charge

LAWYER ALSO FOUND GUILTY

(By United Press)

New York, Jan. 30.—Found guilty of a conspiracy to defeat justice, Gaston B. Means, former agent of the department of justice, was sentenced today to two years in Atlantic penitentiary and fined \$10,000.

Col. Thomas B. Felder, a New York lawyer, who was found guilty together with Means, was fined \$10,000.

Both Means and Col. Felder were visibly affected at the verdict, although after Elmer Jarnecke, the former's secretary, had turned states evidence, there was little doubt as to what the jury which retired late yesterday after a charge by Federal Judge Walter Lindley, would decide.

Means is under \$15,000 bail pending appeal from his conviction for violation of the Volstead act, and an additional \$15,000 bail covering another indictment. His bail of \$10,000 in the present case, furnished by Frank A. Vanderlip, was cancelled. Means was tried on a charge of conspiring to defeat justice.

TO COLLECT FOR MAIL ORDERS

Complaints are Filed in Justice
Stech's Court

Two complaints involving mail order sales, have been filed in Justice Stech's court. In one complaint Sear and Company are plaintiffs against Salem Keith, in which the demand is for \$25 judgment, and for possession of merchandise. The case will be tried February 2.

In the other complaint, Spiegel, May, Stern and Company are plaintiffs, and Harry R. Mohler, defendant. In this action the demand is for \$15 judgment, and also for possession of goods. The case will be heard February 3.

POSTAL PAY BILL PASSES

Washington, Jan. 30.—The postal bill granting \$68,000,000 wage increase to postal service employees and readjusting postal rates to increase the revenue to approximately the same amount was passed by the senate today. The vote was 70 to 8. It now goes to the house.

LUKE DUFFEY BUYS JONES FARM

Purchases Land Near Circleville of
Dr. George T. Earhart

The Jones farm at the edge of Circleville, which was formerly the site of a mile race track, has been purchased by Luke W. Duffey of Indianapolis of Dr. George T. Earhart, also of Indianapolis, who bought the land from Harrie Jones July 8, 1924, for \$25,000. The farm consists of 154.17 acres and it is reported that Mr. Duffey gave \$157 an acre for it.

John Knecht and Will Schobin held a sale on the farm Thursday which netted more than \$10,000. Livestock sold for exceptionally good prices, one team of farm horses bringing the sum of \$432.00. Gifts sold as high as \$32.00 each.

G. H. BARRETT SPEAKS BEFORE QUARRYMEN

Former Rushville Man Blames Tipping
Habit as Cause of Shortage
in Apprentices

PRACTICE FALSE GENEROSITY

G. H. Barrett, of Bloomington, Ind., and a son of Mr. and Mrs. H. E. Barrett of this city, analyzed the apprentice problem before the International Cut Stone Contractors' and Quarrymen's convention held recently in Atlantic City, N. J. Mr. Barrett is vice president and general manager of the Matthews Brothers Co., pioneers in Indiana Oolitic limestone, of Bloomington, Ind.

The too generous habit of tipping was held as a contributory cause for the alarming shortage of apprentices in the allied building trades, by the former Rushville man. He charged the employers with indifference in keeping full quotas, one to 71 journeymen, and that they too often regarded the apprentice as "being in the way."

"The American business man practices false generosity, actually discouraging young men from taking up a life of labor," he declared. "Such fellows as hotel bell boys, theatre ushers and red cap make double and many times what a workman earns, and it is largely that type of American business men who is represented in this convention hall that contributes to these incomes by his absolutely false idea of generosity." He said that the census reports show that the number of apprentices had decreased to such an extent that the situation is indeed alarming, and that if active steps are not taken to train men for industry the shortage will grow worse by reason of any temporary increase in demand.

FOX DRIVE NORTHWEST OF CARTHAGE SATURDAY

Biggest of Season, Says Announcement, as Farmers of Blue River
Township Prepare for Event

MARAUDERS MUST GO, SLOGAN

The fox of Blue river township, Hancock county, which adjoins Ripley township on the north and west, will have to exercise some of their proverbial slyness if they escape the fox drive which will be held Saturday, beginning at 10 a. m. The territory to be covered is northwest of Carthage.

No dogs will be allowed unless under leash and no firearms will be permitted.

"Come and enjoy this sport," says an announcement regarding the drive and help the farmers get rid of these marauders. Obey the captains or do not come."

The announcement describes the drive as "the biggest of the season." The center will be on the James Lindamood farm and the territory to be covered is described as follows:

West line—Trees shot south to Shiloh church; south line—Shiloh church east to Walnut Ridge road; east line—Walnut Ridge road north to Charlottesville; north line—Pennsylvania railroad west to Trees' shop.

NEW BUILDING TO OPEN SATURDAY

New Home of State Bank of Carthage Will be Ready for Inspection
From 2 to 10 P. M.

BUILT OF BRICK AND STONE

Structure Completed at Cost of More
Than \$25,000 Replaces One in Use
50 Years

The State Bank of Carthage will open its doors in its new home, just completed on the original site at a cost of more than \$25,000, Saturday. The formal opening will take place between the hours of 2 and 10 p. m. and officers and directors of the bank will be present to explain the features of the new building.

The new building represents the latest idea in commercial architecture. It is constructed of brick and Bedford stone and the interior is convenient, artistic and practical. McGuire and Shook of Indianapolis were the architects, the former Will P. McGuire being at one time a Rushville boy.

The State Bank of Carthage was organized in 1876 as a private bank under the name of the Bank of Carthage with capital of \$100,000 and is now in its fiftieth year. It was started by Samuel Bettie Hill, Charles Henley, Henry Henley, Jonathan Newlin and others.

The institution has had four presidents—Charles Henley, Jonathan Newlin, Thomas T. Newby, and the present head, William P. Henley, and Samuel B. Hill was the first cashier, serving for twelve years.

The present directors are W. P. Henley, Edgar N. Hill, Walter B. Hill, Jesse A. Leisure and Howard E. Henley, the first named being president and the last named cashier. Mabel Phelps and Edgar N. Hill, II, are book-keepers. The bank now has resources of over \$100,000, with a capital of \$100,000 and surplus of \$30,000.

The original building, erected in 1876, was occupied by the bank until June of last year, when the old building was razed to make way for the new.

Entrance to the bank is through bronze doors flanked on each side by copper electric fixtures and leading into a tile-floor lobby. Officers of the bank have desks behind a low rail at the left of the lobby and back of their rooms are the working quarters. There are four wickets, equipped with a special lighting system. All of the cabinet work is black walnut and gum.

Leading off the lobby, also, is a ladies rest room and a directors room. At the rear of the lobby is a burglar-proof vault constructed of solid concrete reinforced with steel bars and with a time lock door weighing seven tons. In the basement is a sub-vault.

The walls of the bank are decorated with two tones of brown. An original stencil design in brown, green and blue will be found in the border with the bank's monogram on each pilaster. The curtains are of tan monks cloth trimmed with black and tan fringe, and hang in three sections, it being possible to draw any section.

The building is well lighted with six long windows, and a sky-light.

AMUSEMENTS

"Frivolous Sal," Princess

An agreement releasing the Hecla Mining Company of Wallace, Idaho, from all liability had to be signed by every member of J. K. McDonald's First National company before that production unit could use the aerial tramway in the Idaho mines, where thrilling first scenes were made for the climax to "Frivolous Sal," to be shown at the Princess theatre today and Saturday.

The "punch" of the story is built around a hand-to-hand battle between Eugene O'Brien and Mitchell Lewis in an ore bucket traveling on a cable over a 300-foot gorge. A special ore bucket had to be built to accommodate the director, Victor Schertzinger, and Chester Lyons, the cinematographer, with his camera. From this the first was photographed as the two buckets rolled along the aerial tram.

It was risky business for everyone concerned. The film people, accustomed to dangerous work in bringing thrills to the screen, thought nothing of it; but officials of the mining company whose property was being used, viewed the situation differently. It was not until every member of the motion picture company had signed the unconditional release, that permission was granted to stage the scene. However, it went off without untoward incident.

Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. N. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality, who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make \$250 to \$500 per month.

\$5,000, which may be used for in-
dustrial or civic betterment, shows
a fine spirit which might well be
emulated by others in position to do
the same thing.The fact that Harry G. Francis,
president of the company, said that
he merely wished to return the bonus
which Rushville citizens gave his
factory when it was moved to Rush-
ville, does not lessen the value of
the gift, nor does it affect the keen
sense of appreciation which every
loyal citizen of the community feels.Mr. Francis and the company
were under no obligation to return
the bonus to Rushville. It was a gift
and Rushville is no Indian giver. But
he felt that he would like to do as
done by, and when the occasion
arose, where Rushville was attempt-
ing to locate another factory, he
generously offered to return the
money for the perpetual use of the
city in bettering its industrial and
civic condition.

The Chas. E. Francis Co., Inc.

His Conscience Troubled Him

"I know I have done wrong, please
forgive me for not doing my duty
and writing you before. I am thank-
ful to God and the good remedy He
gave you, and would not take \$500
for the good the first dose gave me. I
have been bothered for many years
with gas in my stomach and indiges-
tion, but since taking Mayr's Won-
derful Remedy two years ago, have
had no such trouble." It is a simple,
harmless, preparation that removes
the catarrhal mucus from the intes-
tinal tract and allays the inflamma-
tion which causes practically all stom-
ach, liver and intestinal ailments,
including appendicitis. One dose will
convince or money refunded. For
sale by druggists everywhere.

prospered in Rushville, for which
we are truly glad, and Rushville
likewise has profited from having
brought the factory here from Cin-
cinnati.When the bonus was raised, there
were doubtless many complain-
ers who objected. It is hoped that they
have all lived to see the bread cast
upon the waters come back.Such examples should inspire any
community to do great things. The
act of this concern will be of great
benefit in more than simply providing
a fund to be used as specified in
the trust agreement; it will inspire
those who have been working for
the progress and rebuilding of the
city to greater efforts, since this rec-
ognition of their work has been given.

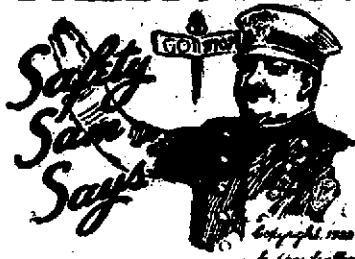

Pay as You Enter

The road to success is operated
on the pay-as-you-enter basis.
Those who want to ride have to pro-
vide their fare before they ride.Those who want to beat their way
along life's thoroughfare have to
look for another conveyance.It's positive waste of time to try
passing counterfeit coin. The con-
ductor will call your bluff and you
will be put off the train.It's even impossible to steal a ride
under false colors. Every passenger
has to deliver the goods at the door
or stay off.The cars are never crowded.
There is always room for everyone
who will meet the pay-as-you enter
requirement.Why waste time and energy envy-
ing those who ride on the road to
success?There is only one way—pay the
price and ride yourself.

Guiding Principles

Most men who have achieved great
things have kept steadfastly before
them fixed principles by which they
have been guided. It is said of the
late Marshall Field that he had
twelve dominant ideas in his life
from which he never swerved.They were the value of time, the
success of perseverance, the pleas-
ure of working, the dignity of sim-
plicity, the worth of character, the
power of kindness, the influence of
example, the obligation of duty, the
wisdom of economy, the virtue of
patience, the improvement of talent
and the joy of originating.There is nothing marvelous or su-
perhuman about the success of a
man who adheres to such a life
program. He who has ever before
him such ideals can not fail, though
he stumbles; he will succeed though
he falls short of such a goal.

STOMACH
A CHANCEThe average person puts into his
or her stomach about twice as
much food as a body needs or the
stomach can digest. One of two
things must happen—either the
stomach weakens under the load or
it must receive assistance, before it
does weaken. The people take time
by the forelock because the stomach
generally gives warning that it is
being abused. These symptoms are
gas, sour stomach, bloating, coated
tongue and dizziness. When these
symptoms appear take heed of the
warning. Nature doesn't give these
warnings unless they mean some-
thing. First stop overloading the
stomach and send it to your
druggist and ask for Di-Jo. A few
Di-Jo Tablets will give instant re-
lief and enable the digestive juices
to do their work. If you insist upon
eating what you want, keep yourself
supplied with Di-Jo. It will remove
part of the load which the digestive
forces of the stomach have to carry.
If you are troubled with constipa-
tion take Di-Jo. It is sold by all
druggists and is recommended as the
most laxative to be used in connec-
tion with Di-Jo if any is needed.

New Line-up To Start

The Lions are in for the old fight tonight down at Greensburg. A tip to us says that the starting line-up for Rushville will be Caldwell and Wainwright forwards; Davison, center; Osborn and Cherry, guards. What is more Rushville is going to win. Watch 'em.

TOURNEY STARTS TONIGHT

Rush county tourney opens tonight here. Ten teams will start at the tape, and one will finish Saturday night as the winner. The tourney drawing, lest you have forgotten is as follows:

Tonight

7:30 p. m. Carthage vs Center
8:30 p. m. Glenwood vs Raleigh

Saturday

8:30 a. m. Webb vs Milroy
9:30 a. m. Arlington vs New Salem
10:30 a. m. Manila vs Moscow
11:30 a. m. Winner 7:30 p. m. vs 8:30 p. m.
2:30 p. m. winner 8:30 a. m. vs 9:30 a. m.
3:30 p. m. Winner 10:30 a. m. vs 11:30 a. m.
6:00 p. m. Final.
7:00 p. m. Captain raises Rushville seconds vs Richmond seconds.

An invitational Junior high school tourney for eight teams will be played in the New Palestine high school gym Saturday. Arlington will be represented, and besides them and New Palestine, the other six teams will be Greenfield, Acton, Westland, Fortville, Mt. Comfort and Greenwood. A trophy cup will be awarded the winners. Rauschaupt and Alter will officiate. Drawings will be made early Saturday morning. The Red Birds will pay the curtain raiser Saturday night.

TOURNEY'S OVERDONE

People in this part of the state are being "tourneyed" to death this season, and it may cause interest to disappear in the sectional tourneys. In Rush county for example, a county tourney was held at Carthage, and now another one is to be held here Saturday. Fans see these teams

play two tourneys, and the sectional with a third appearance of these tied with only the addition of the Rille high school.

ONE HING, HITTING 'EM WOULD BE TO BE THE GUY WHO SITS THOSE TROPHY MUGS, BECAUSE THE GAME HAS BEEN WKEO OVERTIME THIS SEASON.

And when the subject of tourneys, Libualso is holding one today, with Bridge City, Brookville, Whitewater, Alquina, Milton, and Jansville in the list.

Cambri City is stepping fast this season. They have won 13 out of 16 starts. They was a victim last Saturday night, 50 to 25.

POSSIBLE, NOT PROBABLE

Greensburg downed Rushville in the district-to. These two teams will get at again Friday night at Greensburg. The Tree Towners on their own, will probably repeat the dose. Shelbyville Republican.

FRANK VS FRANK

A big action in these parts Friday with the meeting of the two Franks. Effort goes to Franklin. Both are at stake title contenders, and the game will no doubt be a tussle from the start.

Here's The Time for the Ring of Doors

E. B. Bar called attention today to the out tourney tickets. Season ticket holders will be admitted first, and to enter at the northeast door of the gym, at Seventh and Willow st. After ticket holders are admitted then the other general admission persons will be opened. The time for opening the season ticket doors for a four sessions are as follows: tonight, 6:30; in the morning 7:45; Sunday afternoon 1:45 and Saturday night at six o'clock.

FAN SAY TEAM HUMILIATED IN TOURNEY

Dear Hittin' Em:— I had a pride stepped on at Connersville before the game. I heard several say, "Let's go, this will be a sided game," meaning the Lions could romp over the Greensburg.

I also had this remark from a Connersvillian, "That Rushville team is the best that has been on this gym floor this winter" and then came humiliation. I sneaked out and got away as soon as possible.

But we also get even with both Connersville and Greensburg by beating them with a good margin and show them that we had the best team at the tourney.

Yours, LOYAL FAN.

'NOTHERONE GONE WRONG
Says a contributor to Side Lights at Connersville: Rushville plays at

Dares Death

Phoebe Jane Fairgrave, 21, St. Paul, Minn., holder of the woman's parachute jumping record, will attempt to beat the mark she set for the world in 1921, when she jumped 11,500 feet from an airplane. She will attempt a new record jump at New Orleans or San Antonio in May.

Greensburg and we pick. Greensburg to win by ten points. Connersville at Newcastle Saturday night. We pick the Spartans to win by 12 points.

TWO REVENGE GAMES

On the big floor in Newcastle Saturday night, the Trojans will probably take Connersville to task. At least they are figuring that way in Newcastle. Here's what Markin' 'em up says:

Two revenge games will be found in the list of games scheduled for this week end. Rushville plays at Greensburg and the Lions will be out to even up the score for that trouncing handed them at the 6th district tourney last week, while Newcastle will play Connersville. The Trojans will also try to even things up for the drubbing they received at Connersville last week end. Both the Lions and Trojans will have chances to show how things should have been had both played consistent basketball last Saturday. The Trojans will also try to get even for that one point defeat at Connersville earlier in the season.

Perhaps Not a Bull Dog

Seymour plays Columbus Saturday night, and Seymour says every dog has its day.

Connersville plays Technical of Indianapolis Friday night. We don't wish the Hawks any bad luck, but we just can't help but believe the Tech lads will emerge victors.—Newcastle Courier.

From Girlhood to Motherhood

Through all these periods of their existence thousands of women toil on, often suffering with backache, pains in side, headaches and nervousness, all telltale symptoms of some focal derangement. Lydia E. Pinkham's Vegetable Compound is the one great remedy that will overcome such ailments. All over America women are telling other women how this wonderful medicine has restored them to health and the joy of living. This accounts for the tremendous demand for this popular medicine for women.

STORING VITAMINS

The average healthy person stores up within the body several days' supply of essential vitamins. This explains why a well-nourished person of any age is less susceptible to germ-infection than those who are malnourished.

Scott's Emulsion

Local bankers today called attention to the fact that United States 4 per cent bonds of the loan of 1925, are called for redemption and payment on February 2, 1925, and will cease to bear interest on that date.

It is not known whether any of the bonds of this issue are held in Rush county, but bankers made the announcement in case there are any bond holders with fours of the 1925 loan.

The final interest coupons, which will become payable on Feb. 1, should be detached for collection in the regular course before the bonds are presented for redemption. An extra day's interest, due to Feb. 1 falling on Sunday, will be paid with the principal when it is redeemed.

Early "Razors"

In the days before the steel razor came into use, shaving the beard was accomplished by the use of flint, shells or bones, which were ground so as to give them a keen, sharp edge.

Worth Remembering

Everything on earth whether joy or trouble, is only temporary.

Could you spend a few cents a week to better advantage?

Could you buy anything for the difference in price between 3/4 Coffee and cheaper brands that would give your family as much pleasure as the never-changing smoothness, strength and flavor of 3/4? Despite the great increase in the cost of green coffees, there has been no change in 3/4 quality, and the change in 3/4 price has been much less than our production cost would justify.
